Short description:

The capacity building training on the project IF4TM was organized within the event "Business theatre", organized by UBG team with the help of Marketing Workshop student organization and Start up Center of the Facutly of Economics of University of Belgrade. Dr. Jelena Filipovic gave lectures on presentation skills and evaluated business ideas on group training aimed at promoting of the enterpreneurship. The participants included staff and students of the various faculties of UBG (e.g. economics, phylology, higher school of business, etc.), as well as graduates who freshly started their business ventures (e.g. Linker, BikeSeeing, etc.). Given that some proposed business ideas by participants included the use of 3D printing technology, the promotion of Creativity Center of UBG was focused and the collaboration established.
